*Answer all four questions, which carry equal marks.*

*Divide your time equally between them (15 minutes for each).*

- 1) Nancy has won tickets to a luxury holiday location for the week of Sukkot. She could go, since she will have her own holiday house and garden, but she will need to make a lot of arrangements in order to keep the Chag properly.

Imagine that you are Nancy's Rabbi and that you are writing to her advising her how to make the necessary arrangements for Sukkot during her holiday. Describe the preparations that Nancy needs to make in as much detail as possible.

- 2) Discuss why Avraham was such an important figure in Jewish History.
- 3) Summarise the content of **all three** paragraphs of the Shema.
- 4) The owners of Brent Cross tell you that they are interested in having a kosher café in the shopping centre and would like you to help set up this facility for them.

What arrangements would you make to ensure the success of the café?
